

DEPARTMENT OF THE AIR FORCE
SHADOW MOSES AIR FIELD, ALASKA

AWARDED DESIGN EXTRACT

Task Order FA-27-005 | Campbell Hall Office 214

Drawing	M-214 Level 2 Mechanical Plan Office 214
Issued	14 February 2027 for construction
Task-order value	\$26.40 million firm fixed price
Design basis	Office 214 served by AHU-2 and terminal unit VAV-2-14

The awarded mechanical plan shows two central-system supply diffusers and one return grille serving Office 214 through VAV-2-14. It does not show a wall-mounted indoor unit, outdoor condensing unit, dedicated refrigerant lines, condensate route, disconnect, or separate electrical circuit.

SCOPE AND EQUIPMENT CROSS CHECK

Awarded records for Office 214

Awarded task-order scope

CLIN 0001 includes phased Campbell Hall renovation, central air-handling and terminal-unit renewal, duct distribution, controls, electrical distribution, interior finishes, and commissioning. Office 214 is an administrative office served by AHU-2 and VAV-2-14. Added permanent equipment must appear in the issued design, equipment schedule, specifications, or an authorized written modification.

RECORD	AWARDED CONTENT	CROSS CHECK
M-214	AHU-2 and VAV-2-14 distribution	No dedicated split system
M-601	Mechanical equipment schedule	No Office 214 split-system equipment
E-214	Level 2 power plan	No dedicated circuit or outdoor-unit feed
23 81 26	Split-system specification where scheduled	Office 214 is not scheduled
Modifications 0001-0004	Abatement, phasing, and unrelated changes	No Office 214 mini-split addition

Scope conclusion The installed unit invoiced in IB-01 was outside the awarded work. No Contracting Officer modification added it before performance.
